

# THE DC PLANET

Douglas County Communniversity, Kyle Clark, Editor-in-Chief

July 2018

June was HOT! We spent as much time indoors as possible to stay cool. On the cooler days we took advantage of the nicer weather and enjoyed the great outdoors!

Monday mornings we have a group that goes to a coffee shop. We started at Sunrise Project and have since outgrown their space. We now go to Shawn & Sons. Please join us for drinks and games on Monday mornings! Stop at the center first so you know which coffee shop we're visiting.

## Ed Yinger

*Ed enjoys going all over the state of Kansas with his teachers. His most recent favorite activity happens on Wednesday afternoons. He goes around town looking for the Jayhawks. He would love for more friends to join him!*

## REMINDER:

The center will be closed on July 4th!

## Thursday is Field Trip Day!

Please remember to pack a lunch that does not need to be reheated. We plan to be gone all day!
