Pottery Barn-

Get your hands dirty & be creative as we mold and glaze items you can use daily or gift to loved ones.

Golf Carts-

Ready-Set-Go! Each week there will be a new course to hone your driving/riding skills in our spacious indoor arena.

Grooming & Treats-

Share your love with the animals of the farm. We will pamper and pass out treats to our livestock as we check their stalls for food and water.

Birds of a Feather-

Flock together with me as we feed and water our chickens and ducks. We will collect and label eggs. See if you can learn all of their names!

Planting 101-

Life is a garden, Dig it! We will do just that as you plant seeds, water, and grow herbs and blooming bouquets.

Just Deserts-

Love sweets? US TOO! Let's mix up some magic and create healthy treats to enjoy after lunch!
